我们自从2014年开始生产弹簧

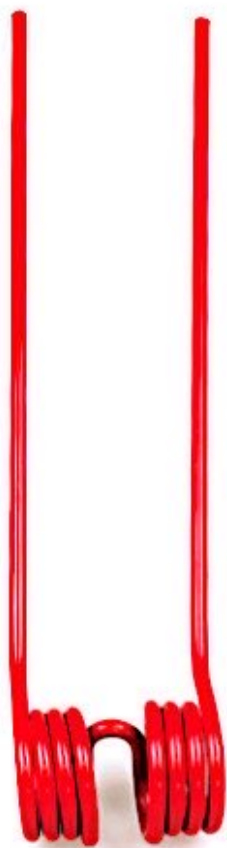

Since 2014 we have been manufacturing springs.

珠宝用的小弹簧，家具用的大弹簧，健身器材和跑车用的强力弹簧。

但最重要的是，我们生产各种类型的农业机械弹簧，用于割晒牧草、收割、播种、耕作和耙地等农业机械。

Tiny springs for jewellery, larger springs for furnishings, and powerful springs for gym equipment and sports cars.

But above all, we produce springs of all types for **agricultural machinery** such as for haymaking, harvesting, sowing, for ploughing and harrows.

每一位客户在供应、材料、附加工艺和产品开发方面都有特殊的需求。我们根据设计或者样品加工弹簧，拉丝范围是线径0.20 mm到70.00 mm,有碳钢、不锈钢、合金钢和油淬火锅丝。我们处理所有订单，小型、中型或大尺寸，效率相同，我们在室内进行喷丸和粉末涂层处理。

Every customer has specific needs in terms of supplies, material, additional processes and product development. We manufacture springs from designs or from samples, using drawn wire from ϕ 0.20mm to ϕ 70.00mm, carbon steel, stainless steel, alloys and pre-tempered steel. We handle all orders, small, medium or large size, with the same efficiency, and we carry out shot-peening and powder coating treatments in house.

我们在国际市场上的存在越来越以我们的可靠性为标志，这归功于我们的产品质量，归功于交货时间和货物符合客户的标准，现在比以往任何时候都更为重要。多年来，我们通过投资研发机械、培训员工和改善制作流程，满足了这些要求。

我公司自2015年获得ISO 9001证书，这一质量标准确保了我们能跟上市场的需求。

Our presence on the international market is increasingly marked by our **reliability**, due to the quality of our products and, now more than ever, due to the respect of delivery time and compliance of goods with the required standards. Over the years we have met these requests by **investing in machinery, staff training and the setting up of the manufacturing processes.**

Our company has had **ISO 9001 certification** since 2015 and this quality standard ensures we keep up with market demands.
